David Wood Baking Ltd consists of eight manufacturing sites across the UK.

Our latest gender pay report follows the criteria set by the UK Government and covers the period April 2020 – 2021.

The business is predominately male 71% (957 men plus 382 women) and our median (middle) gender pay gap was 1.6% this reflects a 0.5% decrease from the 2.1% median figure we reported in 2020.

Our company are confident that men and women are paid equally for doing equivalent jobs across our business regardless of gender, race or background and make sure our policies and practices reflect the same.

We are passionate about fairness, equality and inclusion and are committed to reducing any gaps.
